## Start-up Kit MA 160

For self-customizing of the Manual Test Fixture MA 160 INGUN offers the MA 160 Starter Kit. This Starter Kit contains all the commonly used customizing materials – from the simple Pre-centering Pin through to the Test Probes.

The recommended maximum contacting force lies by 100 N. This allows customizing with 50 spring-loaded Test Probes each with 2 N spring-force.

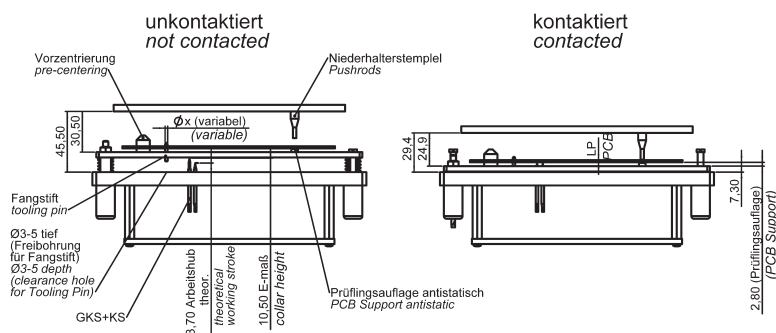

**Part No. 29070 Start-up Kit MA 160**

The Starter Kit for the Manual Test Fixture MA 160 contains:
